Her face and appearance seem Irish: a cute nose, a bonnie smile, dark red wavy hair, hazel-green eyes. (She makes me hungry for a plate of bangers and mash.)

Provider`s Body:

Not a tall woman, I would approximate between 5'3 - 5'5. I'm not sure of the height because she wore platform stilletos - but she was not taller than me even in those shoes. She has beautifully shaped breasts - I'm not good on the measurements but probably C cup. Very nice heart shaped butt - enough for my hands to grab on. Cute face, pretty eyes, she would turn your head if you saw her in at the grocery store. One hot tamale.

What was the Provider's Attitude like?  
Get out of the heat and heat up my place.

Provider`s Body: 5'1, hourglass figure, the aforementioned mane of red hair. Website gives 34C-26-36 and that looked right to me. She's really got a great body, but at the same time she's very soft and inviting. Some small tats, not distracting. Great ass. Trimmed and tasty below. Lovely

and very expressive face, and that wicked grin! Pictures posted of her are accurate, but don't communicate how appealing she is in person. What was the Provider's Attitude like? Come on in! How are you? Horny? OK!
